

## Our Focus

Balance Financial Management is a full service back-office consulting company. We believe strongly in giving back to the community and abide by an overriding commitment to integrity, purpose and leadership. By building strong foundations in the financial and operational infrastructure of businesses and nonprofits, we are able to effectively manage their growth, mitigate risks and enable future success.

## Business is about People

SME's

Start-Ups

Non-Profits

# Providing Financial Peace of Mind

- ✓ We become the **backbone** of the companies and organizations we serve.
- ✓ We structure financial systems for effective and **results-oriented reporting**.
- ✓ We develop management **dashboards** to assist in key business decisions.
- ✓ We implement strong **internal control policies** to mitigate against fraud and increase accuracy.

## What We Do

### CFO Leadership & Strategy

Alongside your executive leadership, we create a financial infrastructure that fuels goal achievement.

### Federal Cost Accounting

We provide compliance focused grant management for revenue maximization and efficient cost allocation.

### Human Resources & Payroll Support Services

Take care of your team with optimized payroll and HR systems.

### Managed Accounting

Our high-performance accounting team allows you to focus on your company's vision.
